Dear Parent/Carer,

At St Joseph's we ensure that we are providing your child with every opportunity to prepare for their final examinations and achieve the greatest success.

We have been thrilled to welcome your child back into Year 11 after the recent lockdown period. Now that students have settled safely and successfully into the new school routines, we are ready to focus more explicitly on securing their academic progress.

You will recall that your child was asked to undertake a small number of quizzes in each of their subject areas over the summer holidays using the Google classroom. This was intended to help your child embed their learning and also to help teachers identify how best to support your child this term.

Your child has not completed these quizzes. Therefore, in order for teachers to access the vital information they need, **your child will be required to attend two study support sessions on Friday 18th September and Friday 25th September from 3.00-4.00pm.** During these sessions students will complete the quizzes on Google classroom with staff available to support them, where needed.

We are dedicated to your child's success and we firmly believe that, by working in close partnership with yourselves and your child, we can 'achieve success together'. As such we would greatly appreciate your support in ensuring your child attends this session and engages with the quizzes to the best of their ability.

Please contact your child's Head of house if you would like to discuss this or any other matter in relation to your child's return to school.

Yours sincerely

Mrs Z Hammond

Y11 Progress and intervention lead

**Parents/Carers: Stay Alert. Keep your child at home if they have Covid-19 symptoms.
Stay Safe.**
