

Dear Parent,

We know how challenging the past year has been for you and your child. We understand how difficult it has been to make 'next step' decisions once a student has finished school, without any real opportunity to visit colleges and explore all of their options.

Here at South Tyneside College we want to make sure your child is on the right path for them and their future ambitions - whether that's with us or somewhere else.

Our 3-week transition programme has been designed to give students the opportunity to explore college life and all it has to offer. The programme is made up of one full day and two half days at college, with lunch and refreshments provided for each visit. During each visit, students will experience the course areas that interest them, find out about the range of support available to them, all of exciting added extras of life on campus and how we provide support every step of the way.

The programme starts w/c 7th June with the first visit taking place for the full day. This will then be followed by 1 half day per week for two weeks after.

If you would like to book your child on to our transition programme, please scan the QR code. Alternatively, if you have any questions or would like to speak to me about this opportunity, please email Danielle.hogg@tynecoast.ac.uk.

Advice and Enrolment Dates

We would like to keep you up to date with everything we have running this summer, so you don't miss a thing. Our Advice and Enrolment events are a great way for your child to secure their place and enrol ready to start this September.
